3. **Planning Application Number DC/25/2675/FUL-** This planning application was discussed with reference to the relevant documents. A response was formulated as follows:

   The Parish Council object to this planning application on the following grounds:

   It is felt that the property would be too tall and intrusive to the neighbouring residential property.

   The development would likely cause further disruption to the flora and fauna on the site which was already significantly impacted during the previous development works.

   The aesthetic does not blend well with existing buildings.

The meeting ended at 17.35
